

Junior Marketing Executive (Content)

HeadBox is on the lookout for a Junior Marketing Executive to join our rapidly expanding team. We're the UK's fastest-growing event tech brand, on a mission to reinvent the global events industry through technology.

Since our launch in late 2015, we've received £11 million worth of investment and we now employ a team of 35 staff members, based in Aldgate, London. Our platform, www.headbox.com and ecosystem of software products unlock brilliant events for bookers, businesses and venues across Europe.

Having closed our funding we are looking forward to an exciting growth phase with a focus on product development and expansion into the US.

The Role

You will be responsible for creating engaging SEO content that brings online visitors to headbox.com and helps them to get ready to send a party or event brief into our huge network of inspiring venues.

Responsibilities

- Content creation - writing content for our website that's optimised for SEO, selecting images to sit alongside your words as needed, and publishing.
- Rewriting existing website content that isn't performing.
- Making sure each page is beautiful and ready to go live. Communicating with our venues team where we'd like to onboard more venues to feature.
- Writing marketing emails to go out to event planners, guests and venues.
- Reporting on your activities to your line manager and the marketing team.

Requirements

- Willingness to learn – there is a lot to learn about SEO, the market and about our company so a desire to learn is essential for the role. We'll train you up, but reading up on these topics is always a good thing.
- A sense of ownership - we'll give you a lot of responsibility from the get go. In return, you'll proactively take charge of managing your own projects, solving problems as they arise and completing them on time.
- Attention to detail - your words will be key in how HeadBox is presented to the

world. Impeccable spelling, punctuation and grammar are a must, and it should be second-nature to you to always proof your copy.

- Brand-aware - you're able to write to match our brand guidelines and you're thinking beyond the words, to how your content can best benefit HeadBox's wider mission.
- Be great to work with - we're looking for someone who embodies the HeadBox values of brilliance, integrity, empathy, and curiosity.
- We welcome transferable skills - if you do not meet all the requirements but believe you could be an awesome marketing executive, we encourage you to apply!
